Decline of the West? Spengler Reconsidered

He names about 8 great civilizations, but ends up collapsing it to Apollonian, Faustian, and Magian Arabian culture. Based on such a comparison of historical situation Spengler considered that the West was entering a period of two centuries of wars for world power, like that between the Battles of Cannae 216 B.

The Decline Of the West by Spengler, Oswald

Paradise, in the East in order to cause him to understand that, just as the light of heaven moves toward the West, so the human race hastens towards death.

‘Decline of the West’ talk is exaggerated

We are beginning to know today what Spengler concluded half a century ago, namely that the imported European norms of a secular public law simply cannot be expected to displace the native religious law, just as the Occidental idea of the state cannot win over that of the consensus of believers.

Decline Of The West, The : Oswald Spengler : Free Download, Borrow, and Streaming : Internet Archive

Because Spengler is a determinist, he does not present us with a Gibbonian spectacle of a civilization succumbing to its own faults, struggling against its own decline. It had nothing to do with my thinking. Anglo culture, quite simply is a living hell.

The Decline of the West by Oswald Spengler, Paperback

The West is cosmopolitan in that it no longer believes in itself, but now looks to other cultures for guidance. Other particularly interesting variations on the theme of cultural borrowing relate to interactions between the cultures of the Near East and Western Europe.

The decline of the West... (1926 edition)

It has vast stores of natural resources, including metals and minerals, agricultural land, fisheries and timber.

The Decline of the West by Oswald Spengler

Volume 1, page 37, Atkinson's Translation. Socialism is metastasizing like a cancer through the body politic of the Western world.

The Sources of the West's Decline

All genuine historical work is philosophy, unless it is mere anti-industry. The dumbing down phenomenon is virtually encyclopedic in heft and extent.
