It provides a critical analysis of the dominance of this penalty in the national punishment system and proposals for its optimization.

Nekotorye psikhologicheskie i filosofskie problemy intuitivnogo poznaniia (1972 edition)

On the basis of the availability of administrative and political power, the degree of economic independence, the level of spiritual and cultural freedom, access to education in their native language, the functionality of the national non-governmental organizations and the media shows the interconnection and interdependence of the state of interethnic relations with indicators of ethnic stratification, which define social ethnic status in a multinational and multicultural environment. Siddhanta of Kunchen Zhanyan Shadpa served in this article the main source base, which reveal the essence of philosophical teachings this researched school. The improvement of the criminal law provides for liability for intentional destruction or damage of property NasYROV R.

Eurasian Law Journal № 9 (100) 2016

Such a criticism has spread modernism and various other philosophical currents.
