### South Carolina

The following types of rivers are eligible for inclusion in the State Scenic Rivers Program: Natural rivers: those free-flowing rivers or river segments generally inaccessible except by trail or river, with adjacent lands and shorelines essentially undeveloped and its waters essentially unpolluted. The Department of Administration shall submit annually a report of the property included in the Scenic Rivers Program to the Department of Revenue and the auditor of each county in which the property is situated.

### CHAPTER 29

There may be no construction of roads paralleling the river within the limits of a scenic easement or public access area. The MOA outlines recommended best management practices for implementation on river-bordering land.

### Complete, E

No river or river segment may be designated a state scenic river until the General Assembly has duly enacted legislation ratifying such designation. All files are offered here with the express permission of HeinOnline, and any additional transmission beyond personal use should credit HeinOnline. There is created the Scenic Rivers Trust Fund which must be kept separate from other funds of the State.

### FSA Handbooks

This is not an eFile. Includes links to consultation implementation documents and information, including User's Guide, Biological Assessment, USFWS Concurrence Letter, Summer Survey Guidelines and USFWS Field Office Contacts.

### Environmental Services Tool Shed

Fish, Geologic, Recreational, Scenic, Wildlife Tugaloo 1982 Turkey Creek McCormick, Edgefield One mile below SC 40 bridge to confluence with Stevens Creek 34 Relatively undeveloped slow moving stream with year round flow; variety of game; steep scenic bluffs and rock

outcroppings; flows through Sumter National Forest. No fund money may be expended to acquire an interest in land by eminent domain nor may the funds be expended to acquire interest in land without a recommendation from the board and the approval of the State Fiscal Accountability Authority or Department of Administration, as applicable.

### **Vaccinations**

Minimum criteria for assessing river's eligibility for designation as scenic river.

### **Complete, E**

Cultural, Fish, Historic, Recreational, Scenic, Wildlife Calibogue Sound-Wright River 1982 Jones Swamp Creek Colleton Headwaters approximately 12 miles above Walterboro to confluence with Ashepoo River 12 Excellent example of coastal marshland stream; exceptional wildlife, including endangered bald eagle and osprey.
