As I write this however the second round of searches have obviously been more successful as Nuner is now dead. I thanked Makarov for his time and we will all see him when he comes off holiday next week. Al año siguiente abandona la abogacía y toma un entrenamiento en dirección teatral en la Royal Shakespeare Company de Stratford-upon-Avon, Inglaterra.

Leopoldo continues to create new pieces, from his home across the river from Casa de Campo, many of the pieces you will see in my photos are of his most recent pieces.

### **LEOPOLDO MALER**

In 1977 he was granted the Guggenheim Fellowship for Arts and in 1983 moved to Casa de Campo to be the first dean of studies for the Altos de Chavon school of design. Al año siguiente monta Caperucita Rota 1966 , una obra teatral con proyección de diapositivas, catorce bailarines y un locutor de radio, en el auditorio del Instituto Torcuato Di Tella. In order to keep this serious I ask why some accounts were left alive in GS and TS.

### **Design issue, why green on all new costumes as opposed to red/orange flame true to scorpion : MortalKombat**

The members of GS I contacted all seemed extremely busy and almost unwilling to comment, I would guess they are currently planning their next move, this has the potential to be an almighty crew war, and the Buzz will be there at every stage.

### **Senate and Sanctuary**

En 1965 realiza un filme sobre La menesunda, de Marta Minujín y Rubén Santantonín.
