Erotic art in Pompeii and Herculaneum

Certainly some types of graffiti were meant to provide information or a quick review or observation of a sexual act. These paintings were drawn above what looks like locker numbers. However, in theory any Pompeian could prostitute themselves or their slaves.

[PDF] Eroticism In Pompeii

The material was described in a French catalogue which circulated around Europe, despite the best efforts of the authorities to suppress it, and attracted the attention of young aristocrats embarking on the 'Grand Tour'. The woman should hold her breath at ejaculation, and post-coitally squat, sneeze, and drink something cold.

Eroticism in Pompeii

The phallus was as wind chimes. In the dim underground light, it was impossible to see details, but the architect dutifully sent word of his remarkable find.

The Erotic Art of Pompeii and Herculaneum

The supply of girls may have been plentiful and the cost relatively cheap.

Eroticism in Pompeii

No less depraved, his successor, Nero, arranged orgies for members of the aristocracy. Although was initially rediscovered at the end of the 16th century, it was only properly excavated in the 18th century.

Nude paintings, obscene sculptures and gods having sex with animals: Pompeii's explicit artefacts which were kept secret by the prudish scholars of 19th

Some, like this one, were found in the public areas of private, wealthy homes, suggesting an easier familiarity with such topics. In those rooms,

Married men could sleep with anyone as long as they kept their hands off other men's wives. And it was a contest, too! Within the brothel it is said prostitutes worked in a small room usually with an entrance marked by a patchwork curtain.
