Is It Just Too Hard? Gender Time Symmetry in Market and Nonmarket Work and Subjective Time Pressure in Australia, Finland, and Korea

This shift was particularly profound within the working-classes. This proliferation of network ties was a distinct feature of the Stage 2 family.

The symmetrical family : a study of work and leisure in the London region / Michael Young ; Peter Willmott

Time stress of equality is lowest in Finland where average hours of employment are low for men.

The symmetrical family : a study of work and leisure in the London region / Michael Young, Peter Wil...

The symmetrical family; a study of work and leisure in the London region (1973 edition)

They agree with the idea this type of family was superseded by the industrial revolution. However not all sociologists are as confident over the future for the traditional family, instead they prefer talking about. The findings provide evidence of a complex interplay among social norms, policy regimes, average weekly employment hours, and time stress from equality of time use.
