My negative thinking is erased.

### Physics Tutorial: Pendulum Motion

The same is true of working with a pendulum. What is it doing when we see a ghost or when a prospector uses a pendulum to locate hidden objects, as with dowsing with rods 'water witching' or to access other kinds of information not known to the conscious mind? This momentum will power your clock as well as your decisions according to those that believe in the art of Pendulum readings. For spirit communication, you ask questions and interpret the pendulum's motion.
