Welcome

Please if you would like any additional information. Robert Frank is professor of Linguistics at Yale University. Il vise à déclencher une réaction.

Robert Frank

À sa suite, , inventeur de la , , créateur de la Stammbaumtheorie et , qui a développé la Wellentheorie modèle par vagues en 1872. C'est une représentation fondée sur une convention qu'il faut connaître pour la comprendre.

Module:Linguistique

Topics include: the acquisition of sounds, syntax and word meanings; acquisition strategies; properties of the input; theories of first and second language acquisition.

Linguistics (BA)

Topics include formal language theory, probability theory, estimation and inference, and recursively defined models of language structure. The internship alone does not count for course credit. Linguistics is the scientific study of language and all its properties.

Root (linguistics)

For example, if the current year is 2008 and a journal has a 5 year moving wall, articles from the year 2002 are available.
