The number of military exercises is on the rise, mainly with the three states it shares a border with: Kazakhstan, Kyrgyzstan and Tajikistan. Opinions expressed in this journal do not necessarily represent the policies or points of view of this institution or of any other agency of the German or United States governments.

## Chinese influence in Central Asia: on the rise

The foreign ministers agreed to establish a mechanism and hold the meeting on a regular basis to jointly cope with challenges and seek prosperity.

New infrastructure programs such as the Yiwu-Tehran railway — a line traversing China, Kazakhstan, Turkmenistan and Iran — will help to decrease transport costs and time for goods travelling from China to the wider region, increasing productivity.

## China Seen As Rising Military Power In Central Asia, Foreshadowing Future Friction With Russia

Heather Zeiger Heather Zeiger is a freelance science writer in Dallas, TX. Nearly three decades after the dissolution of the Soviet Union, the five richest states in nominal per capita GDP are those producing hydrocarbons — Russia, Kazakhstan, Turkmenistan and Azerbaijan — and exporting them — Belarus reexports some of what it imports from Russia.

## Chinese Central Asia

Central Asia is also linked to China through security cooperation, with Beijing viewing the region as a potential bulwark against Islamist extremism in its western Xinjiang province, where the Chinese government has imprisoned over a million members of the Uighur Muslim minority in. It also contains the Karakoram Pass, China's only overland route to Pakistan — and, in turn, to the Chinese-operated Port of Gwadar. The new strategy comes after an increase of diplomatic outreach from Washington to local governments and is expected to focus on Afghanistan, as well as how to handle a rising China and revanchist Russia in Central Asia, which Washington views as its two main adversaries on the global stage.
