Hindustani phonology

Naturally, the precise form of phonology of a language will be different depending on the goal. There does not seem to be undue interference between the two languages in these areas.

What Are the Elements of English Phonology? (with picture)

Chapter 5 has two parts, the first discussing the problem of nasalization in Hindi and the second dealing with the issue of homorganic nasals in Hindi.

Language differences: English

The interference this causes can lead to Hindi learners not being comprehensible when they use the words in oral English.

Hindi

Hindi-Urdu also has a phonemic difference between the dental plosives and the so-called retroflex plosives.
