Tarrare: The Medical Marvel Who Could Eat Anything — And Did

His body was hot to the touch, so much so that the man dripped a constant sweat that stunk like sewer water.

Tarrant automobile

Despite his unusual diet, he was underweight, and with the exception of his eating habits he showed no signs of mental illness other than what was described as an apathetic temperament. Perhaps they should have expected that the man with sagging skin and a putrid stench that could be smelled from miles away would attract attention instantly. Members of the crowd carried him to the hospital, where he was treated with powerful

Tarrare: The Medical Marvel Who Could Eat Anything — And Did

Normal airways appear to be able to sense the PCL volume and adjust ion channel activity accordingly by unknown mechanisms. This faculty member or a member of their immediate family has reported outside activities with the companies or institutions listed below. He travelled France in the company of a band of thieves and prostitutes, before becoming the warm-up act to a travelling.

Teresa Tarrant, MD

Doctor Percy's original paper on Tarrare's medical history. At the start of the , Tarrare joined the , where even quadruple the standard military ration was unable to satisfy his large appetite. This would be his last chance to see this medical anomaly alive.
