Notwithstanding, the bindings match and all plates and maps are present and placed as stipulated. Then they would drag heavy loads for hours, occasionally stopping to pull each other out of crevasses, stopping for tea and biscuits halfway, setting up the tent every night, cooking dinner, chipping into the sleeping bags, all without being able to take any clothes off or warm up at all.

A rough sketch for future use.

The Worst Journey in the World: With Scott in Antarctica 1910

A near fine rebound copy of the first one volume edition, an exact reproduction of the second London edition. This applied not only to the scientific staff but also, whenever their regular duties allowed, to the executive officers.
