What is Anthropology?

She worked for the Northern Territory Aboriginal Sacred Sites Protection Authority 1982, later acting as consultant for various bodies, including the Central Land Council, the Northern Land Council, Aboriginal Legal Aid Services, the Australian Law Reform Commission, and the Aboriginal Land Commissioner.

Department of Anthropology

High culture simply refers to the objects, symbols, norms, values, and beliefs of a particular group of people; popular culture does the same. Lately, however, kinship has regained of importance, albeit armed with new tools and concepts, showing that, indeed, kinship is also recognised from the inside of a culture or group, although its definition and understanding may not always be identical.

The Sociology of Social Inequality

One of the key figures in this school, Cesare Lombroso, studied the physical characteristics of prisoners, because he believed that he could find a biological basis for crime. The sociology of culture concerns culture—usually understood as the ensemble of symbolic codes used by a society—as it is manifested in society.

Anthropology

Similar attempts to carve out tribal based nations have occurred in the former republics of the Soviet Union and in a number of African nations. Today, Tübingen remains a place of research and teaching. Aquatic foraging is usually a far more reliable and productive strategy for obtaining food than the diversified hunting and gathering of most foragers who live away from the coasts and major rivers.

Bell, Diane

Systems of consanguinity and affinity of the Human Family.

Anthropology

She then returned to Cambridge for the final time in 1993 to take the position of until her retirement in 2008. Feminist anthropologists have claimed that their research helps to correct this systematic bias in mainstream.
