Being an artist involves wearing all sorts of masks, just like any other job, but the difference is we have the lingering responsibility to unearth the truth of things. How convenient the product can be used, or its usability, is quite simple and doesn't involve breaking the product. From industrial, automotive to communication design, good designers have all understood the need to connect their creation back to the basics of human engagements.

## **'Design Is One of the Most Powerful Forces in Our Lives'**

This is a social responsibility that modern cigarette advertisers take into account. This early civilisation set the trend for superb, ornate interior design in the name of religion which is still plays a big part in society today. Focused on well-being and as a patient-centered medical home PCMH , Unity offers a team- based approach that encourages patients to become active participants in their own healthcare.
