## European Coal and Steel Community

However, global coal demand has rebounded since 2017.

## Coal use is declining in the US and Europe

Global sales fell by 4% as a result, slowing the penetration of more efficient vehicles into the fleet. But that is not enough to prevent coal power generation increasing by 4. As of December 2016, the UK has not yet initiated formal withdrawal procedures.

## Coal

But coal faces opposition from the powerful Catholic church and the government this month on new coal power plants.

## Who will build the world's last coal plant?

In 2020, the Coal Trading Centre opened in Beijing and two big new corporations were formed, Jinneng Holding Group in Shanxi and Shandong Energy Group. The was held by each state for a period of three months, rotating between them in alphabetical order.
