How to Write an Accomplishment Report: 15 Steps (with Pictures)

Beverage choices of young females: Changes and impact on nutrient intakes.

Pharmaceutical Quality for the 21st Century A Risk

The most significant nutrition-related problems affecting individuals and communities are over-nutrition, and to some degree, under-nutrition. These individuals are responsible mainly for drug quality inspections of prescription drug manufacturers and other complex or high-risk pharmaceutical operations. Pyramid Servings Search tool was publically released through CNRG's web site to facilitate use and understanding of CNRG's Pyramid Servings Database previously released on the CNRG web site.

Project Management Dashboard, Project Status Report using Excel

The point is to compare what your activities or results were against other projects. Research findings also will be useful in the preparation of user-friendly, web-based applications and other educational materials on healthful diet and behavior choices for the public. Although quality of life factors and socioeconomic disparities in health have been identified, the challenge is identifying and understanding the reasons for differences within and among community systems.
