### **Innovative Regional Cluster, Model of Tourism Development**

Kevin Olvany, who implements the watershed protection program for the Canandaigua Lake Watershed Council, reviewed the draft environmental impact statement and found three areas of concern, with one a major sticking point: the wastewater management system .

### **Tourism Department taking brunt of...**

Now is the time to make a plan. And she wanted Bristol Harbour and Everwilde to be synergistic sisters, not competitors.

### **Formation of Bristol regional independent tourism marketing organization underway**

Reluctant to discuss childhood details, she describes her grandparents as her touchstones. The land had been approved as a 20-lot subdivision for private homes, but Wegman, CEO of Wegmans Food Markets, and wife Stency liked the Everwilde concept better and offered to sell the parcel to the Cooks. Progressing through platelet-count discussions, treatment and eventual recovery, romance blossomed.

### **Tourism Department taking brunt of...**

But in order to capture interest immediately, destinations will need to change up their messaging and start planning for a more cautious type of traveler.

### **Innovative Regional Cluster, Model of Tourism Development**

All of our Virtual Summit presentations are available for free until April 30, 2020.

### **Innovative Regional Cluster, Model of Tourism Development**

Others expressed solidarity for those living near the proposed site. South Bristol has no public shoreline with the exception of a boat launch. I am pretty excited about it.
