In this case, the performer should have similar feelings. But because of the ban it was published only in 1987. The influence of poetry on the development of personality In children's literature there are a lot poems designed for the game.

The verdict of memory :: a poem = Sud pamiati : poema by Walter (translator) Egor; May

In it, the poet tries to atone for the mistakes of youth, his grief and regret pour into the beautiful lines of a brilliant work. The fact that the writer's family was dekulakized and exiled to Siberia, Alexander Trifonovich himself remained in Smolensk only because in those years he separated from his relatives. This is a kind of repository of information about what makes a person's life, his cultural baggage.
