## Mt. Everest and the Sherpas

The 1996 season's narrative is interspersed with a lot of history about Everest and surrounding nations, other mountain-climbing tales, Jamling's family and particularly his father's life and legacy, as well as Tibetan Buddhism. You read the details of his life in the Everest mountaineering culture and as a Sherpa.

I admit that at the time I enjoyed taking them on and generally beating the crap out of them, though this kind of response nearly got me thrown out of school 289.

## TOUCHING MY FATHER'S SOUL

I learned much about Tenzing Norgay from this book. In Touching My Father's Soul, Jamling Tenzing Norgay gives us an insider's view of the Sherpa world as he tells a story of Everest unlike any told before. Jamling himself was on an expedition up Everest with a team carrying an IMAX camera in the tragic 1996 season when 12 climbers lost their lives -- most on the same day in the teeth of a ferocious storm.

Tenzing was given the George Medal, the greatest honor that can be given to a non-citizen of the United Kingdom. Everest with Sir Edmund Hillary. So there are tons and tons of Everest memoirs out there, and many of them center on the 1996 season in which a whole passel of people died.

In particular, I enjoyed Mr. Feted throughout the world, he was befriended by the Indian prime minister, Jawaharlal Nehru.
