Altruism or selflessness is the principle or practice of concern for the of others. And while the conditions of existence of Germany's proletariat have not assumed the classical form that they have in England, we nevertheless have, at bottom, the same social order, which sooner or later must necessarily reach the same degree of acuteness as it has already attained across the North Sea, unless the intelligence of the nation brings about in time the adoption of measures that will provide a new basis for the whole social system. Amid the thousand narrow lanes and by-streets of a populous metropolis there must always, we fear, be much suffering — much that offends the eye — much that lurks unseen.

Who guarantees that willingness to work shall suffice to obtain work, that uprightness, industry, thrift, and the rest of the virtues recommended by the bourgeoisie, are really his road to happiness? It consists today of a few remnants of a past time, and a number of people eager to make fortunes, industrial Micawbers and speculators of whom one may amass a fortune, while ninety-nine become insolvent, and more than half of the ninety-nine live by perpetually repeated failure.

1830s

With the arrival of thousands of east-European Jewish immigrants after 1880, hevros prayer circles and Hasidic shtieblekh conventicles proliferated. Whitechapel saw a net loss of population through migration in every decade between 1851 and 1901 except the 1880s, when the net gain was just ninety-seven people.
