It is 1971 and the Middle east is changing again , in response to the Israeli victory in the Six-day war and the pressures of the Palestinians refugees on neighboring countries. Furst's work shares a lot of Ambler's DNA in terms of setting and stakes but Furst is more dry and concerned with detail, while Ambler tends to lead towards excitement at least in his popular works that I've read: Epitaph for a Spy and A Coffin for Dimitrios.

The Levanter by Eric Ambler

The coffee here is on point whether you're after a latte or a Turkish coffee, big contenders for best coffee on the strip. After all these years, he's one of the first, and still one of the best. A major problem for me was not caring about these people.

In fiction, it shows how little has changed in the Middle east in the last thirty-years. The weekend after the sad US presidential election, I found myself confined in a van on a long road trip to mountainous northern Vietnam while suffering from the bronchial complaint which often accompanies residence in polluted environments. In the western Mediterranean, particularly when the wind blows through the Strait of , it is called the Viento de Levante or the Levanter.
