The List of Railway Movies

Franchises were first the responsibility of the , then its successor the and now with the. The following words and phrases are abbreviated to their initial single letters: Black and white, Color, Silent, Partly, Tv-movie written after the date, and includes releases direct to home video , minutes. In 1939, with the outbreak of war, the British Government took over control of railways and in 1947 the four companies were nationalised.

Catalogues

In the early 1960s yellow warning panels, now characteristic of British railways, were added to the fronts of diesel and electric locomotives and multiple units in order to increase the safety of track workers.

History of rail transport in Great Britain 1948

The comprehensive failure of the Plan to achieve its goals created a deep-seated distrust of BR's internal management within the and wider central government, causing BR's funding to be restricted and making any further large-scale investment to reform or modernise the railways virtually impossible — an attitude that was to dog BR for the rest of its existence.

The following items are contained in the Trolleyville Library for reference by bona fide traction modelers

Details are included in , mailed in the third week of January.
