### Race, Ethnicity, and Politics

For example, where one group dominates another for their own benefit, prejudice may develop as a means of keeping the other group in a subordinate position in order to justify the existing social order. Racial and ethnic groups maintain many of their basic characteristics, but at the same time, their cultural orientations change through marriage and interactions with others in society. Other groups, however, particularly those of African descent, have experienced a significant degree of acculturation but have at the same time been blocked from assimilation as a result of factors such as prejudice and racism Rose, 1964.

Will the cities that have recently exploded in population, mostly in the Sun Belt, remain economically vibrant, or will new growth cities emerge, in other parts of the country? That religious propensity is strengthened by increasing insecurity in the lives of the poor because difficult living conditions are associated with increased religiosity. After 50 years of living and working together side-by-side, the people have voted to do away with racial politics but unfortunately the politicians are far from showing signs of heeding their calls for multiracialism.
