### 2021 banking industry outlook

Access to a robust suite of financial services is critical for families and businesses so they can successfully manage their financial lives, and build a cushion of wealth that can provide stability and support economic opportunity and mobility over the long term. These new assumptions and risk assessments should be more directly embedded into stress-testing exercises. But to fully realize the digital promise in the front office, banks should use various levers to elevate customer engagement.

We are delighted to partner with Filidian Bank in providing products that drive this cause. They should institutionalize the lessons from the pandemic and build a new playbook by strengthening resilience now and accelerating the transformation in the postpandemic world. This has helped the RRBs to improve their performance at par with Commercial Banks.
