## Yemen

Impact of the Arab uprisings The Arab Spring reached Yemen in February 2011 in the form of huge demonstrations and protest camps in Sanaa and other cities. Tensions were exacerbated by the decline in oil revenues after 2003 — leading figures had to fight for their share of the spoils. The American Legation at Taiz was raised to Embassy status on January 28, 1963.

## Yemen Arab Republic

Its strategy also aims to encourage immediate economic growth by creating temporary jobs and supporting the private sector.

## Geothermal development in Eastern Africa

For years the poorest country in MENA, it is now also suffering the worst humanitarian crisis in the world. Although the French Embassy was closed, staff remained inside. Minister or Ambassador accredited to the Kingdom of Yemen, which during this time changed its name to the Yemen Arab Republic.

## Yemen

When President Hadi escaped from house arrest in Sanaa to Aden on February 21st 2015, he withdrew his resignation and cancelled all measures taken by the Huthi regime. See and As of 2011, relations between Yemen and Sudan were not particularly strong, but they took on added importance after Yemen, Sudan, and Ethiopia developed an alliance late in 2003. After the attack, President Saleh pledged to relocate Yemeni Jews to the capital.
