True leaf emergence pattern of emblings from alpine and temperate zones. Pelkonen, Päivi Pelkonen, Päivi Intercultural learning in international student exchange: a case study of Kenyan students' and teachers' experiences from Finland. Bartok-Partay, Livia 2018 Computational Materials Science, 149.

Croatian scientific bibliography

Other problems confronting the state at the turn of the century included racial tensions, disposing of toxic wastes from the petrochemical industry, depletion of oil and gas resources, and the ongoing struggle to institute good government.

Overview

In particular, digital 3D model generated by intraoral scanning has been widely accepted by the field of clinical orthodontics, and is advantageous due to the compact storage space, simplified method of transferring data, potential to expand application for treatment planning, and fabrication of customized appliances.
