§ 2: Das Urhebervertragsrecht

Section 81 Protection of organisers If the performance of the performer is organised by an enterprise, the rights pursuant to section 77 1 and 2 sentence 1 and section 78 1 shall be enjoyed by the performer as well as by the owner of the enterprise. A right of use may be granted as a non-exclusive right or as an exclusive right, and may be limited in respect of place, time or content. The scope of protection, however, is essentially equivalent, with few exceptions of no or minor relevance to the Wikimedia project.

Section 32 2a shall apply accordingly. The rule therefore excludes from copyright protection photographs which are intended to be no more than a faithful reproduction of a two-dimensional work of art such as a painting. If the agreed remuneration is not equitable, the author may require the other party to consent to a modification of the agreement so that the author is granted equitable remuneration.
