The effects of climate change on water shortages

The EEA includes EU member states and non-members such as Turkey, Iceland and Switzerland, but the UK has chosen to opt out of EEA membership post-Brexit, meaning no such comparisons will be possible in future.

Small climate changes can have devastating local consequences

Contribution of Working Group II to the Fifth Assessment Report of the Intergovernmental Panel on Climate Change.

Water

Ed Hawkins Restoring the chemistry of the atmosphere will still take many decades after countries bring down their greenhouse gas emissions, and so to a hotter and less habitable planet. Global and Regional Sea Level Rise Scenarios for the United States.

Small climate changes can have devastating local consequences

IUCN supports and assists climate change adaptation through its global network of members and partners, covering Latin America, Africa, the Middle East, Asia and Oceania.
