### Emperor Shōmu

The rich aromatic and non-greasy broth is addictive for diners to explore more and more. The piano keys play an important role in adjusting the output of the special energy vibration waves emitted.

### Takeru Tenkuji

This turned out to be ineffective: one of his sons, Prince Ōtsu, was later executed for treason after the death of Tenmu.

### 151023\_Ueli\_Nuptse3

Address 1-15-30, Tenjin, Chuo-ku, Fukuoka Details This is the largest underground shopping mall in Kyushu, built underground of Tenjin, stretching for about 600 meters from the north to south of the downtown area. Eventually Newton's worries are made public: he fears the Himiko Eyecon, or rather what would happen if he, a man of science, is paired with a sorcerer like Himiko. This was because Tenji had no appropriate heir among his sons at that time, as none of their mothers was of a rank high enough to give the necessary political support.

### Takeru Tenkuji

The shrine was originally located in Imaizumi area and later moved to the present site by Kuroda Nagamasa, the first lord of Fukuoka Clan, as a guardian shrine to protect the east side of his castle.
