Upshot

The number of counties with concentrated poverty grew for all three county types since 2000. It bridges the gap in education, healthcare, technology, and the workforce by including ideas from rural Wisconsin. To reap the developmental benefits of migration, countries need to establish comprehensive, balanced and inclusive national policies on migration, and at the same time to strengthen bilateral, regional and global partnerships on migration.

USDA ERS

Richardson School of Law to convene a task force to study and report on a loan forgiveness program for law students to provide incentives for legal assistance in rural communities. During this 5-year period, Kendall County exhibited the most growth at a rate of 6.

6 demographic trends shaping the U.S. and the world in 2019

Rural counties have lagged, and half of them have fewer residents now than they did in 2000. Data producers should systematically disaggregate relevant socio-economic data by sex, age and location.

The Challenge Of Rural Depopulation: Facing The Scenario Of Demographic Deserts In The EU

Most of these counties are in high-amenity regions, such as Florida, the Upper Great Lakes, and the Pacific Northwest. They include some Persian Gulf nations with high shares of temporary labor migrants, as well as Australia 29% , New Zealand 23% and Canada 21%. Land use planning and meaningful affordable housing strategies also can ensure that these recreation communities remain appealing places to visit and live.

Upshot

The Washington Legislature enacted the Rural Development and Opportunity Act requiring the Department of Commerce to accept applications for approval supporting rural development and distressed opportunity zone fund. New York enacted three bills related to rural health.

6 demographic trends shaping the U.S. and the world in 2019

The share of Americans who are in the middle class over the last several decades.

Challenges Facing Rural Communities

As a group, they had a net loss of 380,000 people who moved out. But after growing up in the Great Recession, their economic picture is mixed: Young adult households are than most older Americans did at the same age, but have than Boomers did at the same age, partly because they are more likely to have higher amounts of student loan debt.
