## Population and Climate Change on JSTOR

His research interests are primarily in the areas of international economics, macroeconomics and development economics. Family planning will help the poor, especially.

## Changing Demographics and Economic Growth

Population growth by development regions 1950—2050.

## List of million

Consequently, population growth until 2050 is inevitable even if the decline of fertility accelerates. Increased investment in female education to enable control of fertility and develop a skilled labour force to maximize potential demographic dividends. Therefore, an integrated approach should be considered in order to create healthy environments for children.

## Catch Up

Substantial evidence exists to demonstrate the contribution that sexual and reproductive health and rights can make to the MDGs. .

## Population dynamics and climate change: what are the links?

Read what others have to say: Number of User Comments: 1 Sub: Population Explosion Population Growth in India was a major problem according to Union Minister Murthy--whom I met in 1967.
