Exuberance

Sometimes all group members paid an equal sum, which was likely to lead to quarrels when some members gained a more prominent place in the picture than others.

The Age Of Exuberance: Backgrounds To Eighteenth

The movement began in literature in the mid-19th century, and became an important tendency in visual art in the early 20th century. They're winning just as they keep saying they're winning—they're changing the world.
