## General practice (GP)

Communication errors are one of the leading causes of medical errors — this translates to poor patient outcomes, longer hospital stays, and increased costs.

## 5 Reasons Excellent Healthcare Customer Service is a Must

The new GP contract as a whole cost £1.

## Quality Improvement Guide for General Practice

As the first line of care in the community, our primary care professionals are often the first point of contact with patients.

## 5 Reasons Excellent Healthcare Customer Service is a Must

Measuring service quality: a reexamination and extension.

## GP Patient Survey

However, Google business listings and reviews are the first thing that comes up in an Internet search. While complementary and alternative medicine CAM use grows more prominent, comprehensive evaluations of the quality of medical service at CAM-oriented hospitals are scarce. We used a stepwise procedure to identify significant predictors.

## What can you expect from a good GP practice?

We can help you identify areas of improvement with our Patient Satisfaction Survey, develop custom training materials and implement new processes. The practice encourages its staff to be open and honest about safety, and supports them to report concerns and incidents. Correlations between GP variables and patient variables at the clinic level were assessed by Pearson's  $r$ .

## **RACGP**

The importance of those channels when looking to build patient loyalty should never be underestimated. Perception is built by gathering information from multiple channels, whether it is through review sites, office visits or surveys.
