The was at 25 mi 20 ch, and was at 27 mi 26 ch. Parts of the railway's course and earthworks are now used by the A34 road between Newbury and Winchester.

British railway history; an outline from the accession of William IV to the nationalisation of railways. (Book, 1954) [sdk.mavlink.io]

Part Three: The Last of the Companies The Big Four. However, without the income this traffic would provide, it could not finance the final section of line. Records indicted that property sales were discussed for this scheme, which would have followed a slightly different route to the previous scheme in some areas without a tunnel at Chilworth.
