## Jan Dijkstra on using feed to reduce emissions

Feedipedia is encountering funding shortage.

## SuperGreens

The seaweed meal slightly depressed the feed conversion ratio but showed a tendency to decrease meat fat and digestive tract fill. Not only can it regulate the pH of your soil, but it can also be used at any point during the calendar year. Palatable: Even though greens foods can be highly beneficial to developing children, many kids will cry foul at the thought of drinking a green liquid.

## Calcium in Plants and Soil

If not, they were only identified to genus level. It forms hollow spheres when small; when larger spheres burst becoming convoluted and cup-shaped, forming large mats.

## How do I treat my lawn?

Humates, humic and fulvic acids also have many beneficial effects on the grass plant, improving cell division and elongation and also chlorophyll content. Too many horses through the winter, the curse of too many pony paddocks IME!! Join our community of thousands using this information to build their own profitable, ecological growing systems. Other species can found in silty disturbed areas.

## The Effects of Fertilizer Runoff

Forms dense clumps often covered with silt and sand.

## Seaweeds (marine macroalgae)

Rhodophyta Features: Calcified, often soft and slippery Forked branching Tan to pink to brown Intertidal to subtidal Description: Liagora spp.

## Composting Tips and Strategies

The old fairways and old greens had significant coverings of *Plantago lanceolata*, *Ranunculus repens* and *Leontodon autumnalis*. Senn its first grant to research the effect of seaweed on plant growth.
