Adult Development and Aging Programs

Students are trained as researchers who have expertise in social, cognitive, and behavioral aspects of adulthood and aging, and who convey existing knowledge through teaching.

Adult Development & Aging — Publications

Daff and Fitzgerald 1992 indicate that in order to manage an organization effectively in a competitive environment, planning for human resources strategy requires several factors several external factors to be considered. Adult Development and Aging helps student readers understand the aging process both in themselves and in those around them.

Adult Development & Aging

Social relations show spatial transformation across the world, encompassing both the hazardous and beneficial effects of
