“Ladder” Diagrams

It is crucial for states to know where the shortages are occurring so they can effectively direct resources.

“Ladder” Diagrams

The sewingmachine industry based on his original invention made possible the mass production ofclothing on a much larger scale than had ever been possible with hand-stitching. These are generally used over the course of a week disposed of when soiled or at the end of work week. As part of an attempt to conserve PPE, we looked for opportunities to reduce unnecessary entrances into patient rooms.
