## 2nd Grade Social Studies Lesson Plans

The social studies curriculum standards offer educators, parents, and policymakers the essential conceptual framework for curriculum design and development to prepare informed and active citizens. The primary purpose of social studies is to help young people make informed and reasoned decisions for the public good as citizens of a culturally diverse, democratic society in an interdependent world.

## Royal Geographical Society

Geography concerns itself with the Earth's atmosphere and physical surface, including how humans affect those things and, in turn, are affected by them. She's been supporting teachers through this website since 2003.

When distributing these materials, credit should be given to Utah State Board of Education. What does this look like in a classroom? High school students increasingly recognize the rights and responsibilities of citizens in identifying societal needs, setting directions for public policies, and working to support both individual dignity and the common good.

## **2nd Grade**

All people have a stake in examining civic ideals and practices across time and in different societies. Continuing political themes surface in current events. What is my role in institutional change? Humans are also responsible for pumping greenhouse gases into the atmosphere, changing the climate of the Earth in dangerous ways.
