Unpuzzling Your Past. the Best

It has been a great help. I read an earlier edition of this book rather than the one listed at this page.

Unpuzzling your past : a basic guide to genealogy

I checked out some of her other books and was equally unimpressed.

Unpuzzling your past : a basic guide to genealogy : Croom, Emily Anne, 1943

I did not compare my beloved 2001 edition with this one line by line, but in just scanning through section by section I can see that very little if anything has changed. May contain limited notes, underlining or highlighting that does affect the text.
