There was a car out in front that looked like it was disabled since the hood was up. In the third week, things escalated and they had to enact their safety plan three times. In addition to creating disruptions and drawing unwanted publicity, the action caused economic hardship for the owners of the businesses, because the sit-in participants took up spaces that normally were filled by paying customers.

The Gates

But their broader vision of the Constitution, which insists that the Tenth Amendment must be read aggressively to preserve states rights that , closely resembles the vision that drove on the Civil Rights Act in the same year Johnson signed it into law. The grassroots nature of the protest, arising locally from local Black populations, also crushed the that all civil rights agitation came from outside the South.
