Resolving Israel

The research paper is devoted to the study of the causes and consequences of the Israeli-Palestinian conflict. Hayley finds out how kids on both sides have been affected 17 July Israelis and Arabs have been fighting over Gaza on and off, for decades. Second, who would run the city—the United Nations? Israel controls its coastline and all the entry and exit crossings into Israel.

Summary of the Israeli

On May 14, 1948, the State of Israel was created, sparking the first Arab-Israeli War. He cited the expansion and acceleration of illegal settlement activities in the occupied West Bank, ongoing demolitions, seizures of Palestinian-owned property and evictions, as continuing cause for concern. Losses on both sides grew incredibly.

Historical Timeline: 1900

For Palestinians though, it was the beginning of the end, leaving them stateless. In one part they would be subject to Palestinian laws and police and in the other part to Israeli laws and police. The Israeli-Palestinian conflict is one of the most complex, controversial and in world history, characterised by intense violence and uncompromising nationalism.

The Israeli

Two passengers were killed and five wounded. Food is allowed in, but aid agencies say families are not eating as much meat or fresh vegetables and fruit as they used to. New approaches clearly need to be developed, starting with a reassessment of the role that Arab states that have relations with Israel — especially Jordan and Egypt — can play in helping Palestinians achieve their political objectives.
