B Her lover has beaten her. Even in the passage cited above, the return of memory figures as a condition of the happiness somebody seems on the point of inscribing on his blank mind. From the Leavisite point of view, genres were fixed in large part because the people who produced and consumed generic literature did not change.

Anna is deeply devoted to her family and children. The four main characters in this book are Cardinal Manning, Florence Nightingale, Dr. Or, alternatively, do we mean by mass-civilization an industrial civilization, dependent on machine-production and the factory system? No matter what I answer, their reaction is always the same.
