Happiness (Stanford Encyclopedia of Philosophy)

Kant, for example, considered both morality and well-being to be important but distinct elements of a good life. One concern is whether people often enough have well-grounded attitudes of life satisfaction or dissatisfaction.

On any of the major theories of happiness, then, the evidence seems to show that most people are, indeed, happy.

Entertainment & Arts

She then leans over the back of me and eats my ass. We switch back to POV for her deepthroat face fuck training then I fuck her hard again before putting her on her knees against the wall.
