## Auditory Nerve Fiber

All the treatment subjects experienced improvements in circulation. All these changes are attenuated with increase in gestational age.

## THE MILITARY USE OF ELECTROMAGNETIC MICROWAVE AND MIND CONTROL TECHNOLOGY

Experiment 2B—protocol Before stimulation, a 2-min period of tremor was recorded to extract individual tremor frequency by calculating the maximum power spectral density averaged over time.

## Severe Cognitive Dysfunction and Occupational Extremely Low Frequency Magnetic Field Exposure among Elderly Mexican Americans

US Patent 5,194,008 March 16, 1993 Subliminal Image Modulation Projection and Detection System and Method, Mohan, William L.

## US4858612A

The processor maintains constant gain differential between the primary carrier and the subliminal verbiage and, with the subliminal verbiage being recorded with round-robin, full echo reverberation, ensures that none of a message is lost.

## THE MILITARY USE OF ELECTROMAGNETIC MICROWAVE AND MIND CONTROL TECHNOLOGY

Furthermore, in a recent letter from the U.

## **THE MILITARY USE OF ELECTROMAGNETIC MICROWAVE AND MIND CONTROL TECHNOLOGY**

Location is a fundamental attribute of a sound source, and sound localization is a topic that is amenable to both physiological and psychophysical research. At present, neuromodulation is expensive and is only available in a small number of specialist centers; even in developed countries only a small proportion of potentially eligible patients receive this treatment. As yet, evidence of this possibility is inconclusive.

## **THE MILITARY USE OF ELECTROMAGNETIC MICROWAVE AND MIND CONTROL TECHNOLOGY**

The key is to strategically have test victims misdiagnosed as delusional and psychotic, as one of the biggest immoral, beyond evil nonconsensual technology testing program cover-ups ever known to man. Abstract --- A method of conditioning a person's unconscious mind in order to effect a desired change in the person's behavior which does not require the services of a trained therapist.
