## Health In All Policies

On the whole the assumption is that deterrence motivates via fear of punishment or rational calculations of the potential cost of penalties or sanctions.

The research explored the conditions under which PPPs are the right form of collaboration and what optimizes success. Many of these features are consistent with the tenets of the Federal Sentencing Guidelines for Organizations. She currently sits on the Board of three non-profit housing corporations.

Some organizations, for example, follow a rule that the chief compliance officer cannot be more than two staff levels down from the senior business manager. We help identify and leverage existing sources of funding and create new funding sources so communities can create places where the healthy choice is the easy choice.
