Terms and Conditions

Much of the wooden planking was destroyed, but the main iron structure was largely undamaged. By then, British holidaymakers were turning to abroad. The pier served as a convoy mustering point by organising 3,367 of them over the course of the war, offering protection from dive bombers by using inflated.

Leigh

The fire spread rapidly through the timber roof causing significant damage.

Southend Trades Union Council: Southend Against The Cuts

Burma Campaign UK is one of the leading free Burma campaign organisations in the world and works for human rights, democracy and development in Burma. In 1978 the electric railway closed, due to deterioration and the cost of repairs. It houses an and a smaller , both of which are launched by into the deep water adjoining the pier.

Trading Standards

However, in 1935 a new lifeboat house was erected at the pierhead that provided a slipway for launching the lifeboat. The house and a trackway leading from it to a church on a nearby cliff top pre-dated the centre of modern-day Leigh-on-Sea and its primary commercial thoroughfare Broadway formally known as Hall Road.

Job Opportunities

Protests led the council to allow the pier to remain open until a solution could be found.

Contact Us

Consequently, the pier was extended to reach deep water in 1846, so that the steamers could visit at all states of the tide. A temporary boathouse

was used until 2002, when the current boathouse opened. A lifeboat has been stationed on the pier since 1879.
