Phineas Redux by Anthony Trollope, Paperback

She remained a good friend to the Duke, whose health was failing, and whose death would bring her a bequest that she was not prepared to accept. I have a trip to Egypt coming up, so all of my extra mural reading is shifting in that direction.

LibriVox

Great sly versions of the speeches, I must say.

LibriVox

Phineas is over that but kind and compassionate and mets her whenever she requests to give the support and advice of a friend. However it is the female characters who again take centre stage and shine through. In the course of the novel he is destined to become more reflective still, being caught up in a personal crisis that bring a significant shift in his perceptions of political advancement.

LibriVox

Well, I got completely hooked on the story and zoomed through it in just a couple of weeks. He had recently stood for Parliament unsuccessfully and his disenchantment with politics shines through.
