Although he is often putting himself in danger, he is capable of making mistakes.

A Fall of Moondust book by Arthur C. Clarke

A Fall of Moondust by Arthur C. Harris uses the radio, and quickly picks up the two on the sleds above them. As one situation after another befall the passengers and crew of the Selene, some of which have never been encountered before, the reader becomes engrossed in how human ingenuity is going to solve each problem as it happens, whilst all the time the temperatures are rising and the air is running out.

A Fall of Moondust book by Arthur C. Clarke

Clarke; First Edition: Ballantine, 1955. The ship Selene is a cruise ship that takes tourists and passengers across the Sea of Thirst, a crater which is filled with very fine dust that in many ways acts like a liquid.

Review 13: A Fall of Moondust by Arthur C. Clarke

The premise of Moondust involves what some scientists were worried about back before the earliest probes reached the Moon the first one was the Soviet Luna 2,. The majority of pages are undamaged with minimal creasing or tearing, minimal pencil underlining of text, no highlighting of text, no writing in margins. Clarke was my mother's favorite author.

They have only a week of oxygen. Like it, he was struggling to reach the safety of the rim, while the moving ground swept him back into the depths where death was waiting. Informed by the most current scientific knowledge of the time, A Fall of Moondust is a realistically-conceived and gripping story of human resourcefulness and triumph in the face of nearly-insurmountable challenges.
