Getting to Know Africa: 50 Interesting Facts...

Significant rivers include the Dja, Nyong, and Sanaga. From the Atlantic coast eastward, the Namib gradually ascends in elevation, reaching up to 200 km 120 mi inland to the foot of the Great Escarpment. The war forced on them the decision to organize, first covertly in the form of the Afrikaner Broederbond, then in the form of the 'purified' National Party.

RDP Housing projects South Africa Subsidy Low Cost houses

The problem of land tenure, like many of the other problems besetting the development process in sub-Saharan Africa, probably stems from the region's incomplete transition from one mode of production to another. Particularly in the area of pollution charges, the experience of developed countries could be invaluable.

CAB Direct

Germany's own colonies, even before they were occupied by the Allies, were cut off from trade with the métropole because of Allied dominion over the seas. Yet, there is no conclusive evidence that Africans have been particularly oblivious to the quality of the environment, nor has the international community shown any genuine concern for it until recently. There is no doubt that the war opened up new windows for many Africans, particularly the educated elite groups.

FUMBA TOWN

The Roles of the State and International Assistance It is clear that the environmental challenges in sub-Saharan Africa are more complex than the simple model linking environmental degradation to population growth and inappropriate macroeconomic policies indicates. When land and water have been nationalized and sound management practices disturbed, the environmental consequences have often been severe.
