### Gulliver's Travels into Several Remote Nations of the World

Gulliver tries to leave, but one of the horses calls him back. Not only is it handsome, with moire endpapers, and a satin ribbon page marker, the paper is acid-free which makes this book an heirloom quality edition than can be enjoyed for generations to come. He asks the other servants if they have ever seen anything like Gulliver, then places him onto the ground.

### Gulliver's Travels: Key Facts

Furthermore, Crane argues that Swift had to study this type of logic see in college, so it is highly likely that he intentionally inverted this logic by placing the typically given example of irrational beings—horses—in the place of humans and vice versa.
